(1 слайд) Hello, boys and girls! I'm glad to see you! How are you today? What's the date today? What's the weather like? What kind of weather do you like? (2 слайд) What season do you like? And what season is it now?

Today is the 4th of April, so it's the middle of spring. And what did you do last week? Did you go to school? No? And why? Right you are, because you had your spring holidays. (3 слайд) Did you like your holidays? Very well! Last lesson I asked you to prepare a short story about your vacation. And now let's tell each other how you spent your spring holidays. Listen to each other very attentively!

Thank you very much for your interesting stories! (4 слайд) And now look at the board! There you can see some sentences. How do we call such sentences in English? Absolutely right! They are disjunctive questions. Look at the board and tell me if they are correct or not. Can you find any mistakes in them?

My cousin went to Sochi 4 days ago, was he?
